- Innovator Award 2024 (Amazon Prime)
- Founders Award Q3 2024 (Amazon India Operations)
- Founders Award Q2 2024 (Amazon India Operations)

## Certifications

- Harvard CS50 Python
- AWS Cloud Practitioner Essentials
- Data Analyst in SQL
- SQL from HackerRank

# Ashwani Bhati

## Data Analyst

### Profile

Analytical and results-driven Business Analyst with 5 years of experience, including 3 years at Amazon, specializing in data analytics, visualization, process automation, and workflow optimization. Proven expertise in developing dashboards, optimizing supply chain processes, and eliminating defects to enhance operational efficiency. Skilled in SQL, Python, and Tableau for data visualization and automation, saving over 10,950 hours annually. Adept at deriving actionable insights to drive strategic decision-making and process improvements. Passionate about leveraging data and automation to deliver measurable business impact.

### Experience

#### Data Analyst

March 2022 – Jan 2025

##### Amazon

- Reduced manual configuration efforts by 93% (10,950 hrs. yearly) and enhanced the optimization of existing workflows using **Python automation**.
- Developed Comprehensive change tracking **dashboard** utilizing **SQL** queries, **AWS Redshift, Athena, and QuickSight**, resulting in a 100% reduction in defects caused by manual processes.
- Created and mainted **Weekly Business Reviews (WBRs) reports** and analytical frameworks using SQL, and **ETL**.
- Ensured **data accuracy** by carefully validating data from diverse sources, contributing to saving of 62 INR MM by reducing percentage air in packaging box.
- Spearheaded the design, development, and maintenance of Packaging Free program waterfall **dashboard** leading to 90% (1040 hrs. yearly) of the time saving.

#### Founder

April 2020- Feb 2022

##### TheHorsesKing Farms

- Identified, analyzed and interpreted patterns using **analytical techniques** in soil quality and crop nutrients to plan for intercropping during sowing.
- Optimized irrigation process by analyzing functions like crop type, soil type, water content, and previous and present weather conditions as well as forecast.

#### Operations Manager

Jan 2019- March 2020

##### Solutions Unlimited

- Utilized **SQL** and **Excel** to analyze customer feedback and booking data, identifying trends that led to a 15% increase in customer satisfaction by tailoring tour offerings.
- Developed **PowerBI** dashboards to monitor tour operations and financial metrics, enhancing decision-making processes and contributing to a 10% reduction in operational costs through improved resource allocation.

### Education

#### 2017-2019, Master of Business Administration

IITM, NOIDA

#### 2011-2015, Bachelor of Technology in Mechanical Engineering

Galgotia's College of Engineering and Technology, NOIDA
